MEDICAL SOCIAL WORK NOTE:

Unit/Service/Clinic: 11W/PZ

Referral Date: 4/1/14

I. Reason for Referral/Critical Issues: Pt is a 2 month old female with retinal hemorrhages and bilateral subdural hematomas. Child Protection Team was consulted due to concern for non-accidental trauma. 3200 was filed and the assigned Protective Services worker for Livingston County is Mark Wheeler 517-915-8833.

II. Assessment: CPT SW spoke with PS worker and was informed that he has worked out a safety plan with family for pt to be discharged to friends, Nancy and George Belcher, who are the Pastor and his wife from their church. Parents may continue to visit under their supervision. PS worker visited parents in hospital on 3/31/14 and informed them of this plan. PS has not petitioned for a court order as of yet.

CPT SW and Dr. Mohr met with parents, along with PS worker and Dr. Mohr answered their medical questions. Please see her note dated 3/31/14.

III. Interventions:

- Case coordination with PS worker.
- Provided supportive involvement to parents.

IV. Plan/Recommendations: Per PS, pt may be discharged when medically ready to friends of family, George and Nancy Belcher. This is a safety plan and parents are in agreement. Parents may continue to visit under supervision of third party. Please page 0298 with any questions or concerns.
